Proposal Form (Marine Liability, Protection and Indemnity and Legal Expenses)

We hereby apply for insurance with the Insurer and request that the following ships be insured for Marine Liability, Protection and/or Legal Expenses for which we have made application. We have read the Terms and Conditions of the Insurer and undertake to comply with them.

Authority to Inspect Classification Society Records

In the event of this proposal being accepted by the Insurer, we authorise the Insurer to inspect the records of the Classification Society for these ships which refer to the period before and during the ships' insurance with the Insurer, without prejudice to the Classification requirements of the Terms and Conditions, and without expense to the Insured.

Authority to Give Undertakings to Mortgageors

Mortgageors usually seek Undertakings from Insurers that their interest has been noted. We agree that you may supply details of this insurance to any Mortgageor who has an interest in these vessels

This proposal form must be signed by authorised signatories for the intended Assured(s) with his (their) corporate name(s) and postal address. Only those who sign are applying for insurance and only they can receive any benefits from the Insurer.
